

Jarava BG constantly strives to improve the quality of translation services provided to the company clients. Nowadays we are able to cover even the most stringent quality standards thanks to the professionalism and expertise of our team of highly qualified translators.

The strict adherence to the agreed turnaround, the constant supervision and control from the very moment of translation order acceptance to the deadline for submission, the application of the best available technologies and translation methods, our skills and experience always ensure optimal performance and consistent results whether we work under pressure or not.

To have extensive knowledge of the translated text's subject matter is a prerequisite for the high quality of translation. This, together with the use of advanced specialized software allows translated text to carry exactly the same message as the original one.
